Bachelors of Science in Computer Science
Minor in Mathematics

Linn-Benton Community College Albany, Oregon   2015-2017
Undergraduate coursework in Computer Science and Mathematics

Crescent Valley High School   2011-2015

EXPERIENCE:
CWE Environmental Technician at ATI (formerly Wah Chang) Albany, OR 2016-present
Working in a team of environmental specialists to maintain compliance with state and federal issued permits/regulations through inspections and process monitoring. I have Improved usability of compliance tracking and emission calculation tools, assisted in system administration and management of controlled documentation, and conducted QA auditing to verify performed processes and their written instructions are in line and to identify environmental/safety concerns in the process. I also lead our facility's chemical inventory for the annual CR2K Report to the Fire Marshal.

Shift Manager at Arby's Restaurant Group Inc. Corvallis, OR   2015-2017
Managed a small team of employees for an effective and smooth shift and motivated team to outperform. I monitored hourly sales and adjusted labor as required. I also aided in customer and employee conflict resolution.

Marketing Assistant at Superior Pizza Inc. Corvallis, OR   2013-2013
Designed efficient routing plans and managed small team for distribution of coupons.

OSU Concession Stand Supervisor at Superior Pizza Inc. Corvallis, OR   2011-2012
My job was to Itemize everyday transactions, maintain inventory levels, and monitor and control product quality.
